CALL FOR PAPERS

The IWAMSN 2024 is scheduled to take place from September 22 to 25, 2024, in Furama Resort, Da Nang, Vietnam. We extend a warm invitation to members of the international scientific and engineering communities who are interested in the recent advancements in both fundamental and applied aspects of advanced materials and nanotechnology.

This workshop serves as a platform for researchers to share their latest findings and engage with a diverse and extensive community of scientists working in the fields of materials science and nanotechnology. It provides an invaluable opportunity to stay abreast of the most recent developments and foster collaborations within the scientific community. Authors of abstracts presented at the Workshop can explore the option of publishing the full text either in the 11th IWAMSN Proceedings or the Advances in Natural Sciences: Nanoscience and Nanotechnology (ANSN) journal. ANSN is a WoS-indexed journal published by IOP Publishing and Vietnam Academy of Science and Technology (<https://iopscience.iop.org/journal/2043-6262>), boasting a 2022 impact factor of 2.1.

For the latest updates and detailed information about IWAMSN 2024, please visit <https://iwamsn.ac.vn/>.

We eagerly anticipate your presence in Da Nang, and we are confident that the workshop will be both stimulating and productive.
